

ANZAC Crosses 2018

A picture is worth a thousand words. Thanks to our team who got stuck into assembling the crosses in quick time.

Storage Box construction

As the crosses arrived

Assembly appeared chaotic but instruction from Alan to “go west” guided us to where the crosses were sorted in alphabetical order.

And this is how they looked at Wellington Botanic Gardens. Most impressive and moving.

It was moving to see 5270 crosses and remember the sacrifices made by the men but it was our privilege to assemble the crosses.
